Please include a product summary that consists of the following information:

- Does the product fall under the category of “**Outdoor Living Activities**” which is defined as: **Enjoying recreation and outdoor life experiences based on wholesome and healthy activities that keep us moving.**
- Product Description including unique features, originality, and whether or not you solved a problem in the marketplace?
- Can the product be easily processed by conventional rotational molding methods?
- What is the market potential for your design?
- Is the product visually appealing?
- Can a rotational molding tool be built to produce this product?
- **Which Winsell granite color did you choose for your product?** (granite options can be found on the Winsell Inc. Facebook page under the photo album) The final design must be a rendering in Winsell Granite or the project will be disqualified.
- Please save your design as a PDF and submit the entry in the following convention:  
University\_ Last Name\_ First Name\_ Project Title

### **Where do I send my design?**

Send your **PDF** designs to: [rotodesigncomp@winsellinc.com](mailto:rotodesigncomp@winsellinc.com)
